Ladies and Gentlemen,

We invite you to cooperate with the **9th National Compliance & AML Conference**, which will be held in Warsaw in the hybrid formula, on March 21-22, 2023.

It is the largest annual meeting of representatives of the compliance and AML circles, organized by the Compliance Polska Association in cooperation with Langas Regtech.

Panelists and speakers will be representatives of Polish and European market institutions, regulatory authorities, law firms, but above all compliance and AML specialists themselves, who will share their international experience, presenting the latest trends and directions of changes.

COOPERATION WITH PARTNERS

This important event would not be possible without our partners and conference sponsors.

We invite institutions and companies related to the world of law, finance, compliance and AML in several convenient formulas as:

- Golden Partner

We are also open to talk about other forms of cooperation, if none of the proposed by us exhausts your vision of presence at our event.
